## Reminders

1. Attendees should join WebEx hearings 10 minutes prior to the hearing time. You may join by cell phone, tablet, laptop, or desktop. You may also use a landline telephone if you are appearing telephonically only.
2. All witnesses must use the video functions. Attorneys who anticipate questioning witnesses or giving extensive legal argument are also encouraged to use the video function.
3. Participants can choose the "Use computer audio" or "call in" options. If you use the "call in" option, please enter the Attendee ID when prompted to do so.
4. Participants will mute and unmute themselves to save time. Please remember to do this when you are not speaking.
5. State your name for the record each time before speaking.
6. Use headphones if possible, especially if you are using a desktop PC with external speakers
7. Use the "speaker" view so that you can clearly see the person speaking during the hearing. This helps to prevent talking over the other speakers. Hover in the upper right corner of your display and click on the second button from the right. Select Video View or Active Speaker and Thumbnail Video View (your preferences). If you select the Grid View, all speakers will appear as thumbnails and you will not be able to clearly see the speaker's face.
8. The attorney and any witness should use separate cameras and microphones. You may be in the same physical location, but the camera and microphone should be different.
9. Use the "share" button to share a screen or document, like an exhibit, with the other participants. There are two ways to "Share". Either use the third button from the left at the bottom of the screen OR select the "Share" tab at the top of the screen and select "Share Content."
10. The attorney calling a witness is responsible for providing the witness with the information necessary to enter the WebEx conference and for ensuring that any witness know how to conduct themselves during the hearing. If you are sharing exhibits for admission by the Court, please practicing using the share function prior to the hearing date. As a courtesy to others and to the Court, practicing with you witnesses and practicing sharing your exhibits will ensure that our hearings can be conducted as efficiently as possible.
