# I. OVERVIEW

The Pay.Gov On-line Credit Card Module for ECF is designed to do the following.

- Allow attorney filers to pay filing fees to the U.S. Treasury interactively as part of the electronic filing process.
- Provide an improved tracking and record keeping method for paid fees.
- Discontinue the current requirement to provide the Clerk's office with updated hard-copy credit card authorization and account information.

Upon the successful submission of a document requiring a filing fee, the attorney filer will have the option to:

- pay the filing fee after each transaction or
- simply make one payment at the end of the day for all transactions

After payment is made, the on-line payments of fees will show a receipt entry that is automatically posted to the docket sheet for the case(s). This entry will include the filing fee and the receipt number. (See Figure 1)

#### Figure 1

This guide will take you through the new process of paying filing fees by credit card directly via the Internet. Before you begin, please be sure your browser supports 128-bit encryption and pop-up blocking software is disabled or preference reset to allow for the Pay.Gov screens.

# A. On-line Training

For your convenience, the ECF Training Database has been set up to allow you the experience of paying fees on-line using a court provided test credit card account. This is the same training database that was used for the initial ECF training and prior user training login names and passwords can still be used. A link to the training login page can be found on the court's website or by entering the following address. https://ecf-train.lawb.uscourts.gov/

# **II. PROCEDURES**

To pay filing fees on-line via the Pay.gov system when filing new cases, adversaries, or motions that require a filing fee, the **Receipt Number field must be left blank**.

• If paying the filing fees for a new case in installments, "**O**" for other payment **must** be entered in the Receipt Number field. Please see section IV. A. 3. for more information.

Once you have completed the filing of a new case, adversary<sup>1</sup>, or motion that requires the payment of a fee (e.g., Motion for Relief from Stay), a pop-up window will appear. You may then select either option: A) "Pay Now" or B) "Continue Filing." (See Figure 2)

- 7. Click the **Close window** button.
- 8. Once you have completed the on-line payment of fees, the receipt entry will be automatically posted to the docket sheet for each case. The entry will include the filing fee and receipt number.

#### **B.** CONTINUE FILING OPTION

- 1. The **Continue Filing** option provides for accumulated fees to be paid on ECF at the end of another transaction if filing several documents requiring fees, or at the end of the day.
- 2. With this option you will continue to receive an opportunity to **Pay Now** after each subsequent transaction which will allow you to settle your account at any time that day for fees that are due.
- 3. Accounts **must** be settled by 11:00 p.m. Central time on the day of filing. Failure to settle accounts will result in being locked out of the system until the fees are paid. More information on the Internet Payments Due report can be found in the REPORTS section of this guide.

# **III. REPORTS**

#### A. Internet Payments Due

This report allows an attorney to pay immediately all outstanding fees without filing another pleading or opening another case. Use this report if you are finished filing for the day and did not select the **Pay Now** option on your last filing. There are no selection screens or sort options offered.

- 1. Click the Utilities menu located on the blue toolbar and then click Internet Payments Due.
- 2. A summary pop-up screen will appear and you will follow the steps for the **Pay Now** option found on page 4, 5, and 6 of this guide. Please see Figure 2, 3, and 4.

#### **B.** Internet Payment History

The Internet Payment History Report allows an attorney to review his/her completed credit card payments over any specified period of time.

- 1. Click the Utilities menu located on the blue toolbar and then Internet Payment History.
- 2. Enter date range, click **Run Report**, and the report will display.

# IV. IMPORTANT NOTICES, EXCEPTIONS, & ADDITIONAL INFORMATION

#### A. Important Filing Related Information - PLEASE READ!

- 1. The process of paying on the Internet is a powerful tool. Once a document is filed, the fee is due. If the document is filed in error, the clerk's office will be unable to refund or waive the fee unless authorized by court order. Therefore, be sure to choose the correct event code when filing. Those codes with fees are clearly marked as "(Fee)" codes. If you are filing an amendment to a document in which you have already paid the fee, be sure you choose "Amendment" rather than choosing the fee due code again.
- 2. If you do not receive confirmation of a successful transaction, review the **Internet Payment History Report** under **Utilities** (see the **REPORTS** section of the guide for more information), or the docket report on PACER, or contact the court to see if the transaction was successful. Please do not refile your pleading if you are unsure the transaction was completed successfully. Refiling your pleading may result in duplicate charges to your credit card.
- 3. If you are paying a new Chapter 7 or Chapter 13 Bankruptcy case in installments the following is required.
  - a. Upon commencement of the new case, an Application to Pay Filing Fees in Installments must be filed and an Order from the court entered granting the installment application.
    - (1) Chapter 7 Cases
      - (a) There are three specific events located in CM/ECF for paying the first, second, and third installment in a Chapter 7 case.
        - i) First Installment Payment
          - a) Go to Bankruptcy, Action Upon A Case, Notices, and select **Pay Chapter 7 First Installment by Credit Card**
        - ii) Second Installment Payment
          - a) Go to Bankruptcy, Action Upon A Case, Notices, and select **Pay Chapter 7 Second Installment by Credit Card**.
        - iii) Third Installment Payment
          - a) Go to Bankruptcy, Action Upon A Case, Notices, and select **Pay Chapter 7 Third Installment by Credit Card**.

- (2) Chapter 13 Cases
  - (a) There are three specific events located in CM/ECF for paying the first, second, and third installment in a Chapter 13 case.
    - i) First Installment Payment
      - a) Go to Bankruptcy, Action Upon A Case, Notices, and select Pay Chapter 13 First Installment by Credit Card
    - ii) Second Installment Payment
      - a) Go to Bankruptcy, Action Upon A Case, Notices, and select Pay Chapter 13
         Second Installment by Credit Card.
    - iii) Third Installment Payment
      - a) Go to Bankruptcy, Action Upon A Case, Notices, and select Pay Chapter 13 Third Installment by Credit Card.
- 4. If you are exempt from paying a filing fee be sure to enter the appropriate exemption code in the Receipt # box, i.e., UST, USA, etc. ...; however, if ECF records a fee for that filing on the transaction log, please contact the Clerk's office. Please have the information listed below ready when you call.
  - a. Attorney Filer's name
  - b. Case number
  - c. Event (adversary, motion to reopen, etc. ...)
  - d. Dollar amount
  - e. Date of filing, and
  - f. Reason for the exemption

If you feel a fee has been recorded in error, please do **not** settle your account until you have resolved the matter with the Clerk's office and the fee has been removed/waived. This will ensure that the court has had time to research your request and remove the filing fee from your transaction log.

- 5. If you are filing a **motion for relief from stay** that is exempt from the filing fee because it is:
  - a. agreed to, stipulated, or with consent (Please note, if adequate protection was previously granted the motion for relief **must** refer to the previously granted adequate protection or the filing fee is due.)
  - b. co-debtor lift stay
  - c. filed by an agent of the United States government
  - d. filed by a child support creditor (Please note, a Child Support Fee Waiver **must** be filed.)

Please be sure to select the correct "No Fee" event code to file the motion. No prompt should appear to pay a filing fee for this event.

#### **B.** Credit Card Issues

If an invalid credit card number is entered, or an error in processing the payment occurs, and you did not click the quit button, your payment process did not complete. You should contact the card issuer.

#### C. Filing New Bankruptcy Case Directly Through Petition Preparation Software

If you are using petition software to directly submit your bankruptcy filings to the court, you **MAY NOT** be prompted with the credit card payment pop-up window upon completion of filing. In order to pay your fee(s), you will need to go to **Utilities** in ECF and click on the **Internet Payments Due** report to pay your filing fee(s). You **must** settle your account by 11:00 p.m. Central time on the day of filing. Please see the **REPORTS** section of this guide for instructions on how to use the **Internet Payments Due** report for payment of fees.

Please note, when filing new cases using a petition software program you may be unable to pay the filing fee through the Internet Credit Card Pay.gov system if the plan is filed at the same time as the new case.

#### **D.** Browser Requirement

All CM/ECF users making fee payments by Internet credit card through Pay.gov must use the Explorer 6.0 or Safari 1.2 (for MAC users) as their browser. These are the only browsers supported by the most recent version of the Treasury's Pay.gov system.

#### E. 128-bit Security Encryption Requirement

In order to successfully use the on-line credit card payment module, your browser must have 128-bit encryption. Follow the instructions below to determine if your Microsoft Internet Explorer browser supports 128-bit encryption.

- 1. Click on the "Help" tab on your menu bar at the top of the screen
- 2. Scroll down and select "About Internet Explorer"
- 3. A small window appears in the center of your screen indicating the version, as well as the encryption or cipher strength of your browser (either 40-bit, 56-bit, or 128-bit). If the screen indicates you have a 40-bit or 56-bit version, or if it does not indicate the encryption level, you will need to upgrade to a version with 128-bit encryption.

#### F. Pop-up Blocking Software

For the on-line credit card program to work, your pop-up blocking software needs to be disabled or preference reset to allow for the Pay.Gov pop-up screens to appear. If you still do not get the option to pay on-line after disabling your pop-up blockers, please contact the CM/ECF help desk.
